RE: Letter of Appreciation for Highly Outstanding Executive Leadership and Excellent Educational Instructor Performance provided by President Samuel Munnerlyn and Dr. Ken Scott, Trenholm State Technical College.

Honorable Governor Robert Bentley  
600 Dexter Avenue,  
Montgomery, AL 36130

Dear Governor Bentley,

Thanks for the highly excellent job you are doing regarding leading the state of Alabama. You are making us very proud of you.

Governor, I also wanted to let you know about two gentlemen, who are doing a highly outstanding job. They are President Samuel Munnerlyn and Dr. Ken Scott, Senior Instructor, Computer Information Systems (CIS), Trenholm State Technical College, Montgomery.

I am a U.S. Air Force retiree, and recently had the pleasure of taking numerous computer courses with Dr. Scott. I very quickly noticed his professionalism, dedication, patience, calmness, expertise and classroom preparedness when presenting valuable information to students.

From the outset, President Munnerlyn and Dr. Scott have always placed the students first. I'm one of the old guys in the class. However, respect is always shown to the teenagers and the guys over 55 years old. Due to the solid leadership, effective management, innovative guidance and unique way of transferring critical information, President Munnerlyn and Dr. Scott have far exceeded my expectations. I can now correctly configure and connect routers, switches, personal computers and servers.

I have attended many colleges and universities, including University of Alabama, Troy University, University of Nebraska at Omaha, University of Maryland, Georgia Military College and the Community College of the Air Force.

I am also appreciative of how President Munnerlyn shows respect toward students by scheduling time to personally speak with them, showing genuine concern and by handling issues timely in a professional manner, to remedy situations.

I have 3 college degrees and some courses toward a post masters Education Specialist Degree and some courses toward a Doctoral in Public Administration. Trenholm State Technical College is second to none. It has been a pleasure to be associated with these professionals. I will always treasure the education and training that I have received from Trenholm.

Our two-year college system is doing an outstanding job and it is providing high value to students.

Governor, although the economy may be a little down, Trenholm is still providing powerful and great rays of sunshine and hope through education and training. You can see the positive footprints through the professional actions and involvement of President Samuel Munnery and Dr. Scott within the campus, city and state.

Thanks for taking time from your busy schedule to read this letter. It's always good to let people know that we do appreciate them and that they do a lot of things right.  
Warmly.

Glenn Henry
