Week 9, 2014

Lee Lewis Taylor

Sent: Monday, March 03, 2014 9:07 AM**To:** Faculty**Attachments:** Week 9 (March 3 - 9, 2014).pdf (271 KB) [Open as Web Page]

Dear Faculty,

Congratulations Amridge University! It looks like over the weekend the Amridge University Facebook page reached 3,000 likes! It does feel good to be liked.

As we ride the wave of popularity, please remember that **summer registration begins today**. It might be a great time to place an announcement in your courses to remind students that they can begin to review the summer schedule, what classes you will be teaching next semester, they should begin to register now, and that the summer term begins on **APRIL 28, 2014!**

Week 9 is a busy week. Please review the reminders and updates and make your plans accordingly.

Also, this week you are in for a special treat! **Dr. Ken Scott** graciously offered to provide the weekly links of interest. You will find very informative and useful professional development links in the areas of technology, instructional strategies, and writing/scholarly publication. I know you will want to set aside at least 30 minutes this morning to the review the information, click on all of the links, and make plans about how you might alter your courses based on these resources.

- When you get a chance, please let Dr. Scott know how much you appreciate his efforts. He may be reached at Kenscott@amridgeuniversity.edu.

I hope you have a wonderful week.

Lee L. Taylor, PhD
